RESPONSE TO QUESTIONS:

State's Responses to Questions Received by the due date and time of August 18, 2025, by 5:00 pm ET. The Question appears exactly as submitted by the Vendor.

	CITATION	VENDOR QUESTION	DCR RESPONSE
1	5.2.7 – Task 7: Needs Assessments, Market Analysis, and Geospatial Support; 5.2.8 – Task 8: Program Performance Monitoring and Evaluation	May vendors include nonbinding annexes (e.g., sample dashboards or geospatial maps) to illustrate technical approach for Tasks 7 and 8, or should responses remain narrative only?	Samples are acceptable.
2	5.1 General (SOR)	For the System of Record (SOR) referenced, does DCR anticipate a required integration with HUD DRGR , or will DRGR be operated separately alongside the SOR?	No, DRGR will be separate from the SOR.
3	4.5 HUB Participation; Attachment E – HUB Information	To confirm: will a woman-owned prime (not HUB-certified) partnering with certified HUB subcontractors be recognized as meeting the State's 10% HUB utilization goal ?	The minority participation goal is for state construction projects for state-owned buildings (N.C.G.S. 143-128.2). Outside of state construction, the state has a policy of encouraging and promoting the use of small, minority, and women-owned businesses (see N.C.G.S. 143-48) but it is not a criterion for award.
4	5.1 General (staffing & hours)	Will remote or hybrid staffing be acceptable if we maintain weekday 8:00 a.m.–5:00 p.m. ET coverage and comply with any required in-person roles?	As described in the RFP, DCR may require in-person roles depending upon program needs. Virtual or hybrid will not meet the in-person requirement for those roles determined to be in-

4. NARRATIVE RESPONSE: VENDOR QUALIFICATIONS AND APPROACH

The HGA Team

The Team

	<p>103 years of combined experience supporting CDBG-DR programs worth \$249.4 billion.</p>
	<p>Clients include 7 state agencies, 2 counties, 4 municipalities, 1 non-profit, and 2 utilities. Services provided in 82 counties.</p>
	<p>Experience across all 17 Tasks and with all the planned North Carolina State programs.</p>

The HGA Team has the capacity and qualifications to support CDBG-DR initiatives in all future task orders issued by the North Carolina Department of Commerce’s Division of Community Revitalization (DCR). The HGA Team is led by Hunt, Guillot, and Associates, LLC (HGA), a prime contractor with significant experience managing HUD Community Development Block Grant–Disaster Recovery (CDBG-DR) and other federal grant programs, and subcontractors AC Disaster

Consulting (ACDC); MB3 Inc., DBA Civix (Civix); Emergent Method, LLC (Emergent); H2Bravo, LLC (H2Bravo); Mpact Consulting Services (Mpact); and Team Title, LLC, DBA Team Civic Solutions (TCS). Our Team also includes two North Carolina–certified Historically Underutilized Businesses (HUB), H2Bravo and Mpact. **The HGA Team has a history of partnering together to support disaster recovery efforts at the state and local levels in North Carolina. We are committed to forming long-term partnerships with DCR and its subrecipients, supporting the program as needed from startup through successful closeout. Together, we offer a highly collaborative approach, a deep bench of subject matter experts, and a proven track record of helping communities strengthen their resilience via the same types of programs that the State of North Carolina will be implementing. Whether DCR requires comprehensive program management support, specialized services, technical assistance to subrecipients, or targeted staff augmentation, our Team is equipped to tailor its services to meet North Carolina’s needs.**

Evaluation Criteria

This proposal provides details on how the HGA Team has demonstrated competence and qualifications in all the RFP Task Order Categories for the programs listed in the Action Plan. In the following subsections, we have summarized how the HGA Team meets the RFP evaluation criteria.

Criteria #1: Experience

HGA is a Limited Liability Company (LLC) that was formed in Louisiana in 1997. HGA has operated under the same private ownership structure since its founding, with no significant past or planned changes in ownership. Over the past 28 years, HGA has grown into a top-ranked program management and engineering

firm. We have more than 500 employees in 14 offices across the country who include Project Management Professionals (PMPs), Inspectors, Grant Administrators, Geographic Information

Systems (GIS) Specialists, Certified Floodplain Managers (CFMs), Environmental Specialists, Professional Engineers (PEs), and Construction Managers.

HGA began managing federally funded grant programs in 2007, initially contracting with the State of Louisiana to administer its \$1.4 billion CDBG-DR infrastructure recovery program following Hurricanes Katrina and Rita. Since that time, HGA's disaster recovery program management services have expanded across the full range of federal disaster recovery grant programs, including housing and economic revitalization programs, and extended to the states of North Carolina, Alabama, Alaska, Florida, Georgia, Massachusetts, New York, Oklahoma, Oregon, South Carolina, Tennessee, Texas, and West Virginia, and the territories of Puerto Rico and the U.S. Virgin Islands. Our engagements often involve working closely with affected municipalities to navigate the complexities of recovery, leveraging our deep understanding of federal, state, and local emergency management processes to maximize funding and expedite recovery efforts.

Hurricane Helene

HGA is on the ground in North Carolina and Tennessee, partnering with communities to assess damages from Hurricane Helene, prepare reimbursement packages, and rebuild stronger and more resilient than ever. Our team collaborates closely with local government staff to strengthen internal capacity to prepare, respond, and recover from future disasters.

HGA has 18 years of experience supporting HUD CDBG-DR, Mitigation (CDBG-MIT), and annual HUD entitlement funds. In fact, HGA has traveled across the country under the HUD Community Compass Technical Assistance (TA) and Capacity Building Program, assisting grantees with their HUD allocations. The HGA Team also has extensive experience supporting FEMA programs such as Public Assistance (PA) and the Hazard Mitigation Grant Program (HMGP). In addition, our Team has experience managing programs funded by other federal programs, such as the

validation process. Their team has reviewed 594 claims for accuracy and eligibility while ensuring compliance with applicable requirements. In addition to providing internal process support, they have communicated eligibility requirements, interfaced with applicants, and provided **direct assistance to 248 local agencies across 74 North Carolina counties.**

HGA Team member **Mpact** has maintained a significant presence in North Carolina since 2019, supporting **16 counties** with their federal grant management and administration programs, including most recently in response to Hurricane Helene. Mpact has also worked at the state levels with both NCORR and NCEM, guiding local municipalities by administering their grant programs and also assisting the State by providing program oversight and monitoring of these activities. Most recently, they have provided a range of **services to Buncombe County and the City of Asheville**, including case management, environmental technical assistance, and shelter closeout.

Because HGA has **extensive experience with federally funded projects, especially CDBG-DR and other HUD programs**, and **familiarity with many North Carolina agencies**, we can begin work on any Task Order immediately. HGA also brings a comprehensive understanding of the requirements for HUD's DRGR System. **We have never had a reimbursement request for a project denied and we have never had any HUD finding** during monitoring visits, thanks to our commitment to compliance and our deep familiarity with federal program guidelines and regulations.

Criterion #2 Firm Qualifications

HGA is a financially sound firm with substantial resources and stability. Our financial resilience is strengthened by multiple lines of business, including engineering and staffing services, which provide diverse income streams and insulate the company from fluctuations in any one sector. HGA's divisions include Government Services, Resource Solutions, Engineering, Power, Integrated Services, Owner's Rep, and Construction, allowing the firm to serve a broad array of clients and project types. See Section 8 of this proposal for more details, including our financial statements.

HGA, along with our carefully selected subcontractors, possesses both the ability and capacity to successfully perform the full scope of work outlined in the RFP. To demonstrate our

qualifications and resources, we have included resumes of staff who will be available to support each Task Order Category, ensuring that we can align the right expertise with every assignment.

Criterion #3 Proposed Methodology and Technical Proposal

HGA's staff includes professionals who have been supporting HUD-funded programs, such as CDBG-DR and CDBG-MIT, for the last 18 years. Over that time, our staff have seen and experienced policy and compliance requirements as they have been tweaked and audited in prior programs. We have not only the expertise, but the real-world experience in these programs to ensure compliance with all requirements and regulations. We have outlined the HGA Team's proposed methodology for addressing the 17 Tasks beginning on page 27.

Rapid Implementation

With HGA as the Program Manager at the helm of implementation, the Restore Louisiana Homeowner Assistance Program for the storms of 2020–2021 was **the fastest CDBG-DR-funded homeowner assistance program ever to launch**—the fastest to accept applications, the fastest to begin construction, and the fastest to start disbursing funds to applicants.

Criterion #4 Cost

We have provided an hourly rate per position per task order category as well as unit cost pricing for environmental reviews. HGA provides the best value costing by offering the highest level of experienced, capable staff at reasonable rates, ensuring clients receive expert service without sacrificing quality or efficiency. Unlike competitors who may offer lower rates by relying on junior staff—often leading to longer timelines, increased errors, and cost rejections—HGA delivers seasoned professionals who work efficiently, minimize mistakes, and consistently meet deadlines and budgets. HGA's proven record of contract performance is demonstrated through maintaining rates over long-term contracts and amendments, resulting in long-term client relationships.

Experience

We understand that the State's Action Plan allocates approximately \$807 million for homeowner reconstruction, \$53 million for workforce housing ownership, \$191 million for small rental and multi-family rehabilitation, \$194 million for infrastructure, and \$111 million for

commercial district revitalization. In addition to our experience with multiple HUD-funded programs, the HGA Team has **experience with all of the program types outlined in the State of North Carolina's action Plan**, as shown in Table 1 on the following page.

Approach to Fulfilling Task Orders

HGA's underlying philosophy is simple: Act as a trusted partner using the experience and skillsets of our dedicated and committed staff to work hand in hand with our clients to provide support, resolution, and guidance through every step of the work. Our personnel will serve as advocates for DCR, ensuring that its programs follow appropriate State and federal guidelines and policies. As the prime contractor, HGA will be responsible for the services provided by our proposed subcontractors, all of whom HGA has previous experience working with.

In Table 2 on the following pages, HGA has demonstrated how our Team's experience performing similar work corresponds to the 17 Task Order Categories outlined in the RFP Scope of Work. We follow this with a discussion of each Task in order, discussing our experience and qualifications to perform the Task and a high-level approach to doing so, including how we will ensure quality and timely services. Finally, in the section on Staff Alignment beginning on page 64, we discuss our staffing plan for each Task Order Category. The HGA Team checks all the boxes—we have the **experience** with CDBG-DR, all relevant policies and requirements, and recent projects of similar type and size; the **qualifications** including ability and capacity to meet the minimum requirements and perform the work, and financial stability; the **staffing and methodology** to ensure quality and timely services across the task order categories; and a reasonable cost.

compliance. HGA's continued attention to compliance will similarly ensure that DCR experiences no findings, minimizes its areas of concern, and prevents the recapture of funds.

Staffing Capacity

HGA has a robust organizational structure, substantial assets, and the financial resources needed to perform the magnitude and quality of work that DCR may require to support its programs. Our company is equipped with highly qualified personnel, state-of-the-art technology, and a proven track record of managing similar contracts successfully. We maintain a deep staffing bench of more than 500 professionals nationwide, and our Team members provide significant staffing resources. Our Team includes experts in finance, compliance, engineering, case management, GIS, and program evaluation, and we can deploy multiple candidates per role. We have experienced staff available to support any task orders issued.

The HGA Team is structured to support both small- and large-scale deployments, allowing us to adjust staffing levels quickly in response to changing project demands or new Task Orders. We can quickly ramp up to meet tight timelines and then scale down as needed. HGA is committed to maintaining high-quality, consistent services regardless of project scale or geographic scope, ensuring dependable support across all regions in North Carolina should the State's needs change.

Rapid Scaling

HGA's resources allow for rapid increases in production when needed. On the Restore Louisiana 2016 Program, following a surge of new applicants, **HGA doubled its production rate of damage assessments in one week**, meeting strict deadlines at the State's request. HGA completed more than **1,000 damage assessments in a four-week period**, delivering on schedule while maintaining a **100% pass rate** during that period.

All proposed staff will be available to DCR upon Task Order award. In the unlikely event of illness or turnover, the HGA Team does have an expansive pool of professionals from which we can pull replacements. We will notify DCR of any staff replacements and give them the opportunity to review the staff member's qualifications and experience in advance. HGA is a financially stable firm with a Resource Solutions group devoted entirely to helping both internal and external clients meet their most difficult staffing needs. This gives us the flexibility to ramp up or down as needed during the course of a large program such as this.

Staff Alignment

The HGA Team has a large team of experienced, knowledgeable staff who are prepared to fulfill the 17 Tasks outlined in the RFP. In Table 3 on the following pages, we present our proposed staff and show each person's experience across the 17 Tasks. After Table 3, we will discuss how we plan to align specific staff to each of these 17 Tasks in turn, including which staff will be key for that Task.

We understand that the HGA Team is responsible for providing cell phones, computers/laptops, and all IT support for these devices.

8. FINANCIAL DOCUMENTATION

HGA is financially solvent and adequately capitalized. HGA has submitted the required financial documentation on the following pages. Our strengths in this area include a line of credit with Origin Bank, minimal debt obligations, and access to subcontractor resources. HGA also holds other contracts outside of disaster recovery services, which helps to give us the financial ability to fulfil the proposed contract even if invoicing and payments are temporarily delayed.

HGA has provided its audited financial statements from the past three completed years (2022, 2023, and 2024) on the following pages, along with an accrual-basis financial statement of our most recent quarter of operation via our FY2025 year-to-date financial statement. HGA does not have any events, liabilities, or contingent liabilities to disclose that could affect its financial ability to perform this contract.

Because HGA is a privately-owned LLC, our financial statements are not public, and we have marked them **Confidential**.

1.0 PURPOSE AND BACKGROUND – AGENCY SPECIFIC TERM CONTRACT

The Department of Commerce, Division of Community Revitalization (DCR) is looking to establish a pool of pre-qualified vendors eligible for future task orders to provide administrative, technical, programmatic, and project management support for CDBG-DR initiatives. Services will be provided on an as-needed basis, in coordination with existing State staff, and in accordance with the scope and terms outlined in this Request for Proposals (RFP). Vendors approved through this solicitation will be included in a pre-qualified vendor pool eligible to receive task orders as needs are identified. The individual task orders, combined with this RFP, the vendor's offer in response to this RFP, and any addenda and Best and Final Offer (BAFO), will constitute the contract (see Section 2.1 below). There is no guarantee of work for any vendor that becomes pre-qualified pursuant to this RFP.

Hurricane Helene made landfall in September 2024, bringing historic rainfall, strong winds, and tornadoes that caused widespread damage across North Carolina. Thousands of homes and small businesses were damaged or destroyed. On September 27, 2024, former Governor Roy Cooper requested a Major Disaster Declaration for thirty-nine (39) counties and the Eastern Band of Cherokee Indians. The President approved the request on September 28, authorizing Individual and Public Assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (P.L. 93-288) for 25 counties and the Eastern Band of Cherokee Indians. Twelve additional counties were added in the following weeks, bringing the total to 39 eligible counties.

In response to the disaster, the United States Department of Housing and Urban Development (HUD) allocated \$1,428,120,000 in Community Development Block Grant–Disaster Recovery (CDBG-DR) funds to the State of North Carolina to support long-term recovery. These funds are intended to address unmet housing, economic development, infrastructure, and mitigation needs that remain after all other assistance has been exhausted.

To manage these funds, the State established the Division of Community Revitalization (DCR) within the North Carolina Department of Commerce as the grantee agency for all Helene-related CDBG-DR awards. DCR is responsible for managing all aspects of these grants, including planning, policy development, program administration, compliance, monitoring, financial management, and grant closeout.

Programs that DCR may administer include, but are not limited to: single-family home repair, rehabilitation, and reconstruction; repair and reconstruction, small rental and multifamily housing; a business district revitalization program; infrastructure; and any other programs defined in the HUD-approved Action Plan and amendments, available at commerce.nc.gov/recovery. DCR may also receive and administer additional state and federal recovery funds. Any contract resulting from this solicitation may be used to support those funds at DCR's discretion.

1.1 CONTRACT TERM

Vendors approved through this solicitation will be included in the pre-qualified vendor pool for an initial term of three (3) years, beginning on the date of final approval by the Department (the "Effective Date"). Vendors may be selected from this pool to perform work on an as-needed basis at any time during the approved term.

At the end of the initial three-year period, the Department may, at its sole discretion, renew the prequalified contract for up to three (3) additional one-year terms under the same conditions. Written notice of any renewal will be provided to Vendors no later than thirty (30) days before the expiration of the then-current term.

2.0 GENERAL INFORMATION

2.1 REQUEST FOR PROPOSALS AND TASK ORDERS

This RFP is comprised of the base RFP document, any attachments, and any addenda released before Contract award, which are incorporated herein by reference. DCR will issue Task Orders as needs are identified to Vendors that are pre-qualified and awarded pursuant to this RFP. The specific Task Order will contain requirements, terms, and conditions particular to that project, which are intended to supplement the requirements, terms, and conditions herein.

2.2 ePROCUREMENT FEE

This RFP does not incorporate the eProcurement fee; however, the purchase order may be issued through the eProcurement System. See Paragraph 17 of the attached Terms and Conditions as amended. General information on the eProcurement Services can be found at: <http://eprocurement.nc.gov/>.

2.3 NOTICE TO VENDORS REGARDING RFP TERMS AND CONDITIONS

Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

If Vendors have questions or issues regarding any component of this RFP, those must be submitted as questions in accordance with the instructions in the RFP QUESTIONS Section. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an RFP addendum. The State may also elect to leave open the possibility for later negotiation of specific provisions of the Contract that have been addressed during the question-and-answer period, prior to contract award.

Other than through the process of negotiation under 01 NCAC 05B .0503, the State is not required to evaluate or consider any additional or modified terms and conditions submitted with Vendor's proposal or otherwise. This applies to any language appearing in or attached to the document as part of the Vendor's proposal that purports to vary any terms and conditions or instructions herein or to render the proposal non-binding or subject to further negotiation.

The State may exercise its discretion to consider Vendor proposed modifications. By execution and delivery of this RFP Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded unless expressly agreed upon through negotiation and incorporated by way of a Best and Final Offer (BAFO). Proposed modifications must be clearly identified in the offer by listing all proposed modifications in the offer in a section titled "Errata and Exceptions."

By so redacting any page, or portion of a page, the Vendor warrants that it has formed a good faith opinion, having received such necessary or proper review by counsel and other knowledgeable advisors, that the portions determined to be confidential and proprietary and redacted as such, meet the requirements of the Rules and Statutes set forth above. However, under no circumstances shall price information be designated as confidential. Redacted refers to the “*blacking out*” of information so it is not visible.

If the Vendor does not provide a redacted version of the proposal with its RFP submission, the Department may release an unredacted version if a record request is received. Also, final contracts must be posted on the DCR website per HUD rules, and DCR will post the redacted version of the contract.

It is important that all Vendors responding to this RFP periodically check the State’s eVP website for any Addenda that may be issued prior to the proposal opening date. 3.0 METHOD OF AWARD AND PROPOSAL EVALUATION PROCESS

3.1 METHOD OF AWARD

This RFP is to establish a pre-qualified pool of vendors that may be considered for future task orders at DCR's discretion, based on program needs.

North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. All award decisions shall be in the State's best interest. All qualified proposals will be evaluated, and awards will be made to the Vendors meeting the specific RFP Specifications and achieving the highest

and best final evaluation. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal or State law.

While the intent of this RFP is to award a Contract to multiple Vendors, the State reserves the right to make separate awards to different Vendors for one or more Task Order types, to not award one or more Task Order types, or to cancel this RFP in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so. The State makes no guarantees as to whether awarded Vendors will receive task orders, the volume of task order, or the task order types.

The State reserves the right to waive any minor informality or technicality in proposals received.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

While this RFP is under evaluation, the responding Vendor, including any subcontractors and suppliers, is prohibited from engaging in conversations intended to influence the outcome of the evaluation. See Paragraph 28 of the Instructions to Vendors entitled COMMUNICATIONS BY VENDORS.

Each Vendor submitting a proposal to this RFP, including its employees, agents, subcontractors, suppliers, subsidiaries and affiliates, is prohibited from having any communications with any person inside or outside the using agency; issuing agency; other government agency office or body (including the purchaser named above, any department secretary, agency head, members of the General Assembly and Governor's office); or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the content of another Vendor's proposal, another Vendor's qualifications or ability to perform a resulting contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals, the award of a contract, or both.

Any Vendor not in compliance with this provision shall be disqualified from evaluation and award. A Vendor's proposal may be disqualified if its subcontractor and/or supplier engage in any of the foregoing communications during the time that the procurement is active (*i.e.*, the issuance date of the procurement until the date of contract award or cancellation of the procurement). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFP or inquiries directed to the purchaser named in this RFP regarding requirements of the RFP (prior to proposal submission) or the status of the award (after submission) are excepted from this provision.

3.3 PROPOSAL EVALUATION PROCESS

Only responsive submissions will be evaluated.

The State will conduct a One-Step evaluation of Proposals:

Proposals will be received as described in the RFP Submittal Section above.

All proposals must be received by the issuing agency not later than the date and time specified in the RFP SCHEDULE Section above, unless modified by Addendum. Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

At the date and time provided in the RFP SCHEDULE Section above, unless modified by Addendum, the proposal from each responding Vendor will be opened publicly and all offers (except those that have been previously withdrawn, or voided bids) will be tabulated. The tabulation shall be made public at the time it is created. Only the names of offerors

and the Goods and Services offered shall be tabulated at the time of opening. Negotiation is anticipated, therefore cost and price shall become available for public inspection at the time of the award.

At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the proposal. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all proposals should be complete and reflect the most favorable terms available from the Vendor.

Pursuant to 01 NCAC 05B .0503, the State reserves the right to negotiate with one or more vendors, or to reject all original offers and negotiate with one or more sources of supply that may be capable of satisfying the requirement. Upon completion of the evaluation the State will post the award(s) to the State's eVP website under the RFP number for this solicitation.

3.4 EVALUATION CRITERIA

It is the intention of DCR to identify qualified vendors on the basis of demonstrated competence and qualification for the type of task order categories defined herein.

DCR will evaluate responsive proposals based on the following criteria, which are listed in order of importance:

1. Experience
 - a. Experience with CDBG-DR programs
 - b. Experience with relevant policies and requirements
 - c. Years of experience in the business
 - d. Examples of projects of similar type and size performed within the last five years (see Attachment H)
2. Firm Qualifications
 - a. Conformity with the specifications and ability to meet minimum requirements
 - b. Financial stability and solvency
 - i. Ability to meet short-term obligations, debts, liabilities, payroll, and expenses
 - ii. Sufficient cash flow and/or available financing from a financial institution to perform the proposed contract until receiving payment from the state

3. Proposed Methodology and Technical Proposal
 - a. Staffing plan
 - b. How Vendor will ensure quality and timely services
 - c. How Vendor will ramp up services across the task order categories
4. Cost
 - a. Hourly rate per position per task order category

DCR will evaluate proposals using a narrative evaluation method, where it identifies strengths and weaknesses of each proposal, and it will select vendors using a Best Value evaluation methodology, which is defined in statute as the selection of vendors based on "the best trade-off between price and performance, where quality is considered an integral performance factor. The award decision is made based on multiple factors, including: total cost of ownership, meaning the cost of acquiring, operating, maintaining, and supporting a product or service over its projected lifetime; the evaluated technical merit of the vendor's proposal; the vendor's past performance; and the evaluated probability

of performing the requirements stated in the solicitation on time, with high quality, and in a manner that accomplishes the stated business objectives and maintains industry standards compliance.” N.C.G.S. § 143-135.9

DCR reserves the right to take any of the following actions: cancel this RFP if determined to be in the best interest of the state; disqualify any responses to this RFP for nonconformance to the terms described herein; negotiate with specific Vendors to achieve the best value; establish a timeline during the negotiation phase for the submission of a best and final offer; and extend the time to respond to this RFP.

3.5 PERFORMANCE OUTSIDE THE UNITED STATES

Complete ATTACHMENT D: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this RFP, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- b) Level of quality provided by the Vendor
- c) Process and performance capability across multiple jurisdictions
- d) Protection of the State’s information and intellectual property
- e) Availability of pertinent skills
- f) Ability to understand the State’s business requirements and internal operational culture
- g) Particular risk factors such as the security of the State’s information technology
- h) Relations with citizens and employees
- i) Contract enforcement jurisdictional issues

3.6 INTERPRETATION OF TERMS AND PHRASES

This RFP serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. The use of phrases such as “shall,” “must,” and “requirements” are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State’s needs as described in the RFP. Except as specifically stated in the RFP, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a proposal in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this RFP. By submitting a proposal, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements, and terms and conditions stated in this RFP. If a Vendor is unclear about a requirement or specification, or believes a change to a requirement would allow for the State to receive a better proposal, the Vendor is urged to submit these items in the form of a question during the question-and-answer period in accordance with the RFP Questions Section above.

"Professional manner" means that the personnel performing the Services will possess the skill and competence consistent with the prevailing business standards in the industry. Vendor will serve as the prime contractor under this Contract and shall be responsible for the performance and payment of all subcontractor(s) that may be approved by the State. Names of any third-party Vendors or subcontractors of Vendor may appear for purposes of convenience in Contract documents; and shall not limit Vendor's obligations hereunder. Vendor will retain executive representation for functional and technical expertise as needed in order to incorporate any work by third party subcontractor(s).

Should the Vendor's proposal result in an award, the Vendor may be required to agree that it will not substitute key personnel assigned to the performance of the Contract, and designated in any task order, without prior written approval by the Contract Lead. Vendor may further agree that it will notify the Contract Lead of any desired substitution, including the name(s) and references of Vendor's recommended substitute personnel. The State will approve or disapprove the requested substitution in a timely manner. The State may, in its sole discretion, terminate the Services of any person providing Services under this Contract and/or Task Order. Upon such termination, the State may request acceptable substitute personnel or terminate the contract Services provided by such personnel.

If any Services, deliverables, functions, or responsibilities not specifically described in this solicitation are required for Vendor's proper performance, provision and delivery of the Service and deliverables under a resulting Contract/Task Order, or are an inherent part of or necessary sub-task included within such Service, they will be deemed to be implied by and included within the scope of the Contract/Task Order to the same extent and in the same manner as if specifically described in the Contract/Task Order. Unless otherwise expressly provided herein, Vendor will furnish all of its own necessary management, supervision, labor, facilities, furniture, computer and telecommunications equipment, software, supplies and materials necessary for the Vendor to provide and deliver the Services and/or other Deliverables.

4.9 INSURANCE REQUIREMENTS

Insurance requirements are indicated in ATTACHEMENT C: NORTH CAROLINA GENERAL TERM AND CONDITIONS, Paragraph 15 (b)(3) Contracts valued in excess of \$1,000,000.

For the duration of any contract resulting from this Solicitation and potential Task Order, Vendor shall acquire insurance with financially sound and reputable independent insurers, in the type and amount specified in this RFP. Work on any contract/task order shall not begin until after Vendor has submitted acceptable evidence of insurance. Failure to maintain insurance coverage or acceptable alternative methods of insurance shall be deemed a breach of contract. Vendor shall submit acceptable evidence of insurance with each task order.

4.10 LOBBYING ACTIVITY CERTIFICATION FOR FEDERAL GRANTS

Federal law prohibits recipients of federal funds, whether through grants, contracts, or cooperative agreements, from using those funds to influence or attempt to influence (lobby) a federal official in connection with obtaining, extending, or modifying any federal contract, grant, loan, or cooperative agreement. Further, federal law requires that applicants for federal funds certify:

Financial information, statements and/or documents submitted with a Proposal shall be evaluated to determine: whether the Vendor has sufficient ability to perform the Contract; whether the Vendor is able to meet its short term obligations, debts, liabilities, payroll, and expenses; whether Vendor has provided complete, reliable and accurate financial information regarding its business operation; whether the Vendor is financially solvent; and whether Vendor has sufficient cash flow and/or available financing from a financial institution to perform the proposed contract for an extended period without receiving payment from the State. Financial information of non-public entities may be marked as confidential in accordance with the Paragraph of the Instructions to Vendors entitled Confidential Information (and should be redacted in the redacted version of the offer submitted per Section 2.6).

Vendors must demonstrate the capabilities, expertise, and staffing necessary to fulfill the requirements outlined in this solicitation. Personnel, officers, executives, and subcontractors performing work under any contract or task order resulting from this RFP shall not be considered employees of the State. Furthermore, any resulting agreement shall not establish a joint venture, partnership, trust, agency, or any other similar business relationship between the Vendor and the State.

Vendors must clearly describe how they meet the qualifications outlined in this RFP and how they will measure performance and success in completing potential future task orders. Vendor personnel must be available to support DCR staff between the hours of 8:00 AM and 5:00 PM Eastern Time Monday through Friday. Depending on program needs, DCR may require certain roles to report in person to office space provided by the State. While DCR's main offices are based in Raleigh, NC, certain positions may require fieldwork or in-person support at intake centers in disaster-impacted areas of Western North Carolina. Intake centers are located in Asheville, Boone, and Marion, in coordination with Horne LLP, the Implementation Vendor for the Single-Family Housing Program.

DCR will utilize a System of Record (SOR) for CDBG-DR grant activities, which has not yet been finalized as of the date of this Solicitation. Proposed personnel should be clearly aligned with the specific tasks outlined in the Task Order Categories. Resumes and professional biographies must be provided for all proposed staff. Vendors must demonstrate that they have sufficient qualified personnel available to support any task orders issued under this RFP.

Vendor responses should include evidence of relevant qualifications and experience in the disciplines required by this RFP. Additional information on current and planned projects is available at: commerce.nc.gov/recovery.

By submitting a response to this RFP, Vendors affirm the following: *"The personnel included in this response are not subject to any non-competition agreement that would prevent them from accepting an offer of employment from the North Carolina Division of Community Revitalization"*.

Vendors may choose to submit an offer for all task order categories or only certain categories, as designated in Attachment A: Pricing. While Vendors may choose which task order categories, DCR makes no guarantee of any task order award, volume of task orders Vendors will receive, or the task order types Vendors will receive. Vendors must clearly state in their response to this RFP (in Attachment A) which task order category(ies) the Vendor will perform work. Task Orders will not be made outside of the task order category(ies) selected by the Vendor during this solicitation process.

In determining whether bids should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State’s needs as described in the Solicitation. Except as specifically stated in the Solicitation, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement, if determined to be essential under the circumstances then existing, may result in the State exercising its discretion to reject a bid in its entirety.

4. **STATE OFFICE CLOSINGS:** If an emergency or unanticipated event interrupts normal government processes so that Offers cannot be received at the State office designated for receipt of bids by the exact time specified in the Solicitation, the time specified for receipt of Offers will be deemed to be extended to the same time of day specified in the Solicitation on the first work day on which normal government processes resume. In lieu of an automatic extension, an Addendum may be issued to reschedule the bid opening. If State offices are closed at the time a pre-bid or pre-proposal conference is scheduled, an Addendum will be issued to reschedule the conference.

5. **BID IN ENGLISH and DOLLARS:** Offers submitted in response to this Solicitation shall be in the English language and in US dollars, unless otherwise permitted by the Solicitation.

6. **LATE BIDS:** Late bids, regardless of cause, will not be opened or considered, and will automatically be disqualified from further consideration. It shall be the Vendor's sole responsibility to ensure delivery at the designated office by the designated time.

a) Vendor shall bear the risk for late submission due to unintended or unanticipated delay— whether submitted electronically, delivered by hand, U.S. Postal Service, courier or other delivery service. It is the Vendor's sole responsibility to ensure that its bid has been received by this Office by the specified time and date of opening. The date and time of submission will be marked on each bid when received, and any bid received after the bid submission deadline will be rejected.

All Vendors are urged to take the possibility of delay into account when submitting a proposal by U.S. Postal Service, courier, or other delivery service.

7. **DETERMINATION OF RESPONSIVENESS:** Any Offer which fails to conform to the material requirements of the Solicitation maybe rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer.

8. **CONTENTS OF OFFER:**

a) Offers should be complete and carefully worded and should convey all of the information requested.

b) Offers should be prepared simply and economically, providing a straightforward, concise description of the Offeror's capabilities to satisfy the requirements of the Solicitation. Emphasis should be on completeness and clarity of content.

c) If Your Offer includes any comment over and above the specific information requested in the Solicitation, you are to include this information as a separate appendix to Your Offer. Offers which include either modifications to any of the Solicitation's contractual requirements or an Offeror's standard terms and conditions may be deemed non-responsive and not considered for award at the State's discretion.

9. **MULTIPLE OFFERS.** If specifically stated in the Solicitation document, Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements.

10. **CLARIFICATION:** The State may elect to communicate with You after bid opening for the purpose of clarifying either Your Offer or the requirements of the Solicitation. Such communications may be conducted only with Offerors who have submitted an Offer which obviously conforms in all material aspects to the Solicitation. Clarification of an Offer must be documented in writing and included with the Offer. Clarifications may not be used to revise an Offer or the Solicitation.

11. **ACCEPTANCE AND REJECTION:** The State reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Vendor, to accept any item in the bid.

12. **BASIS FOR REJECTION:** Pursuant to 01 NCAC 05B .0501, the State reserves the right to reject any and all Offers, in whole or in part, by deeming the Offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this Solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the State, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, limitation or lack of available funds, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the State.

13. **INFORMATION AND DESCRIPTIVE LITERATURE:** Vendor shall furnish all information requested in the Solicitation document. Further, if required elsewhere in this bid, each Vendor shall submit with its bid any sketches, descriptive literature, and/or complete specifications covering the goods and services offered. Reference to literature submitted with a previous bid or available elsewhere will not satisfy this provision. Do not submit bid samples or descriptive literature unless expressly requested. Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the Solicitation. Failure to comply with these requirements shall constitute sufficient cause to reject a bid without further consideration.

14. **WITHDRAWAL OF BID OR PROPOSAL:** Proposals submitted electronically may be withdrawn at any time prior to the date for bid opening identified on the cover page of this Solicitation document (or such later date included in an Addendum). Proposals that have been delivered by hand, U.S. Postal Service, courier, or other delivery service may be withdrawn only in writing and if receipt is acknowledged by the office issuing the Solicitation document prior to the time for opening identified on the cover page of the Solicitation document (or such later date included in an Addendum). Written withdrawal requests shall be submitted on the Vendor's letterhead and signed by an official of the Vendor authorized to make such request. Any withdrawal request made after bid opening shall be allowed only for good cause shown and in the sole discretion of the Division of Purchase and Contract.

15. **COST FOR BID OR PROPOSAL PREPARATION:** Any costs incurred by Vendor in preparing or submitting Offers are the Vendor's sole responsibility.

16. **INSPECTION AT VENDOR'S SITE:** The State reserves the right to inspect, at a reasonable time, the equipment, item, plant, or other facilities of a prospective Vendor prior to Contract award, and during the Contract term as necessary for the State's determination that such equipment, item, plant, or other facilities conform with the specifications/requirements and are adequate and suitable for the proper and effective performance of the Contract.

17. **RECYCLING AND SOURCE REDUCTION:** It is the policy of the State to encourage and promote the purchase of products with recycled content to the extent economically practicable, and to purchase items which are reusable, refillable, repairable, more durable, and less toxic to the extent that the purchase or use is practicable and cost-effective. We also encourage and promote using minimal packaging and the use of recycled/recyclable products in the packaging of commodities purchased. However, no sacrifice in quality of packaging will be acceptable. The company remains responsible for providing packaging that will adequately protect the commodity and contain it for its intended use. Companies are strongly urged to bring to the attention of purchasers those products or packaging they offer which have recycled content and that are recyclable.

18. **CERTIFICATE TO TRANSACT BUSINESS IN NORTH CAROLINA:** As a condition of Contract award, each out-of-State Vendor that is a corporation, limited-liability company, or limited-liability partnership shall have received, and shall maintain throughout the term of The Contract, a Certificate of Authority to Transact Business in North Carolina from the North Carolina Secretary of State, as required by North Carolina law. A State contract requiring only an isolated transaction completed within a period of six months, and not in the course of a number of repeated transactions of like nature, shall not be considered transacting business in North Carolina and shall not require a Certificate of Authority to Transact Business.

19. **SUSTAINABILITY:** To support the sustainability efforts of the State of North Carolina we solicit Your cooperation in this effort. Pursuant to Executive Order 156 (1999), it is desirable that all responses meet the following:

- a) If paper copies are requested, all copies of the bid are printed double sided. All submittals and copies are printed on recycled paper with a minimum post-consumer content of 30%.
- b) Unless absolutely necessary, all bids and copies should minimize or eliminate use of non-recyclable or non-reusable materials such as plastic report covers, plastic dividers, vinyl sleeves, and GBC binding. Three-ringed binders, glued materials, paper clips, and staples are acceptable.
- c) Materials should be submitted in a format which allows for easy removal, filing and/or recycling of paper and binder materials. Use of oversized paper is strongly discouraged unless necessary for clarity or legibility.

20. **HISTORICALLY UNDERUTILIZED BUSINESSES (HUB):** The State is committed to retaining Vendors from diverse backgrounds, and it invites and encourages participation in the procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled. In particular, the State encourages participation by Vendors certified by the State Office of Historically Underutilized Businesses, as well as the use of HUB-certified vendors as subcontractors on State contracts.

21. **RECIPROCAL PREFERENCE:** G.S. 143-59 establishes a reciprocal preference requirement to discourage other states from favoring their own resident Vendors by applying a percentage increase to the price of any bid from a North Carolina resident Vendor. To the extent another state does so, North Carolina applies the same percentage increase to

the bid of a Vendor resident in that state. Residency is determined by a Vendor's "Principal Place of Business," defined as that principal place from which the overall trade or business of the Vendor is directed or managed.

22. **INELIGIBLE VENDORS:** As provided in G.S. 147-86.59 and G.S. 147-86.82, the following companies are ineligible to contract with the State of North Carolina or any political subdivision of the State:

a) any company identified as engaging in investment activities in Iran, as determined by appearing on the Final Divestment List created by the State Treasurer pursuant to G.S. 147-86.58, and

b) any company identified as engaged in a boycott of Israel as determined by appearing on the List of restricted companies created by the State Treasurer pursuant to G.S. 147-86.81. A contract with the State or any of its political subdivisions by any company identified in a) or b) above shall be void *ab initio*.

23. **VALID TAXPAYER INFORMATION:** All persons or entities desiring to do business with the State must provide correct taxpayer information on North Carolina specified forms. The Substitute W-9 and Instructions are here: https://files.nc.gov/ncosc/documents/NCAS_forms/State_of_North_Carolina_Sub_W-9_01292019.pdf

24. **VENDOR REGISTRATION AND SOLICITATION NOTIFICATION SYSTEM:** The North Carolina electronic Vendor Portal (eVP) allows Vendors to electronically register free with the State to receive electronic notification of current procurement opportunities available as well as notifications of status changes to those Solicitations. Online registration and other purchasing information is available at the following website: <https://evp.nc.gov>.

25. The status of a Vendor's E-Procurement Services account(s) shall be considered a relevant factor in determining whether to approve the award of a Contract resulting from this Solicitation document. Any Vendor with an E-Procurement Services account that is in arrears by 91 days or more at the time of bid opening may be suspended or deactivated, at the State's discretion, and may be disqualified from further evaluation or consideration.

26. **TABULATIONS:** Bid tabulations can be electronically retrieved at the Electronic Vendor Portal (eVP), <https://evp.nc.gov>. Tabulations will normally be available at this web site not later than one working day after the bid opening. If negotiation is anticipated under 01 NCAC 05B.0503, pricing may not be public until award. Lengthy or complex tabulations may be summarized, with other details not made available on eVP. Requests for additional details or information concerning such tabulations cannot be honored.

27. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the State will maintain as confidential trade secrets in bids that the Vendor does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Vendor, with specific trade secret information enclosed in boxes, marked in a distinctive color or by similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Vendors are urged to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked confidential, the State will notify Vendor of such action and allow Vendor to defend the confidential status of its information.

28. **COMMUNICATIONS BY VENDORS:** In submitting its bid, the Vendor agrees not to discuss or otherwise reveal the contents of its bid to any source, government or private, outside of the using or issuing agency until after the award of the Contract or cancellation of this Solicitation. All Vendors are forbidden from having any communications with the

using or issuing agency, or any other representative of the State concerning the Solicitation, during the evaluation of the bids (i.e., after the public opening of the bids and before the award of the Contract), unless the State directly contacts the Vendor(s) for purposes of seeking clarification or another reason permitted by the Solicitation. A Vendor shall not: (a) transmit to the issuing and/or using agency any information commenting on the ability or qualifications of any other Vendor to provide the advertised good, equipment, commodity; (b) identify defects, errors and/or omissions in any other Vendor's bid and/or prices at any time during the procurement process; and/or (c) engage in or attempt any other communication or conduct that could influence the evaluation or award of a Contract related to this Solicitation. Failure to comply with this requirement shall constitute sufficient justification to disqualify a Vendor from a Contract award. Only those communications with the using agency or issuing agency authorized by this Solicitation are permitted.

29. **INFORMAL COMMENTS:** The State shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the State during the competitive process or after award. The State is bound only by information provided in writing in this Solicitation document and in formal Addenda.

30. **PROTEST PROCEDURES:** When a Vendor wishes to protest a contract awarded by the Division of Purchase and Contract or awarded by an agency when the award amount exceeds the agency's general delegation and the contract is not subject to a special delegation or exemption, a Vendor shall submit a written request addressed to the State Purchasing Officer at: Division of Purchase and Contract, 1305 Mail Service Center, Raleigh, NC 27699-1305.

When a Vendor wishes to protest a contract awarded by an agency when the award amount is less than an agency's general delegation or when the contract is subject to a special delegation or exemption the Vendor shall submit a written request to protest to the purchasing officer of the agency that issued the award.

The protest request must be received in the proper office within thirty (30) consecutive calendar days from the date of the Contract award. Protest letters shall contain specific grounds and reasons for the protest, how the protesting party was harmed by the award made and any documentation providing support for the protesting party's claims.

Note: Contract award notices are sent only to the Vendor actually awarded the contract, and not to every person or firm responding to a Solicitation. Award notices are posted on eVP at <https://evp.nc.gov>. All protests will be handled pursuant to the North Carolina Administrative Code, 01 NCAC 05B .1519.

31. **ORDER OF PRECEDENCE:** In cases of conflict between specific provisions in this Solicitation or those in any resulting Contract documents, the order of precedence shall be (high to low) (1) any special terms and conditions specific to this Solicitation document, including any negotiated terms, (2) requirements and specifications and administration, (3) North Carolina General Terms and Conditions in North Carolina General Terms And Conditions, (4) Instructions To Vendors, (5) Pricing, and (6) Vendor's Bid.

Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued concerning the Solicitation.

33. **ORAL EXPLANATIONS NON-BINDING:** Oral explanations or instructions will not be binding. Any information given a prospective Offeror concerning a Solicitation will be furnished promptly to all other prospective Offerors as an Addendum to the Solicitation, if that information is necessary for submitting offers or if the lack of it would be

prejudicial to other prospective Offerors. See clause herein entitled "Duty to Inquire." The State will not identify You in its answer to Your question.

34. **MAXIMUM COMPETITION:** The State seeks to permit the maximum practicable competition. Offerors are urged to advise the State, as soon as possible, regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. If the State determines that any changes will be made resulting from the questions asked, then such decisions will be communicated in the form of an Addendum.

35. **FIRM OFFER:** Vendor's bid shall constitute a firm offer. By execution and delivery of a bid in response to a Solicitation, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposefully or inadvertently, shall have no force or effect, and will be disregarded. The State reserves the right to accept any such alterations, including any price adjustments occasioned thereby, or to cancel the Contract.

5. - a) This Contract is made under and shall be governed by and construed in accordance with the laws of the State of North Carolina, including, without limitation, the relevant provisions of G.S. Chapter 143, Article 3, and the Rules in 01 NCAC Chapter 05, and any applicable successor provisions, without regard to its conflict of laws rules, and within which State all matters, whether sounding in Contract, tort or otherwise, relating to its validity, construction, interpretation and enforcement shall be determined. G.S. 22B-3.
- b) Vendor shall comply with all laws, ordinances, codes, rules, regulations, and licensing requirements that are applicable to the conduct of its business and its performance in accordance with the Contract, including those of federal, state, and local agencies having jurisdiction and/or authority, and including, without limitation, the applicable requirements in the Federal Funds Provisions, below.
- c) Non-resident Vendor corporations not formed under NC law must be domesticated in the Office of the NC Secretary of State in order to contract with the State of North Carolina. G.S. 55A-15-01.

8. NON-DISCRIMINATION COMPLIANCE:

- a) The Vendor will take affirmative action in complying with all State requirements and laws concerning fair employment and employment of people with disabilities, and concerning the treatment of all employees

without regard to discrimination by reason of race, color, religion, sex, national origin or disability or rights, such as preserved by Governor Roy Cooper Order E.O. 24 or 25, and will take necessary action to ensure that its internal employee policies and procedures are consistent with Executive Order #82 (Roy Cooper, December 6, 2018), which extends workplace protections and accommodations to pregnant employees.

- b) Federal Law, such as the following, applies as provided for therein: Titles VI and VII of the Civil Rights Act of 1964 (PL 88-352), and the regulations issued pursuant thereto (prohibiting discrimination on the basis race, color, national origin and ensuring that individuals are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age); Title IX of the Education Amendments of 1972 (codified as amended at 20 U.S.C. § 1681 et seq.) 9. **PAYMENT TERMS:** Payment terms are net not later than 30 days after receipt of a correct invoice or acceptance of goods, whichever is later. The Procuring Agency is responsible for all payments to the Vendor under the Contract. Payment by some agencies may be made by procurement card. If the Vendor accepts Visa, MasterCard, etc., from other customers, it shall accept procurement card payment by the State under the terms provided for the procurement card. 01 NCAC 05B.1523. If payment is made by procurement card, then payment for amounts then due may be processed immediately by the Vendor.

The State does not agree in advance, in contract, pursuant to Constitutional limitations, to pay costs such as interest, late fees, penalties or attorney's fees. This Contract will not be construed as an agreement by the State to pay such costs, and will be paid only as ordered by a court of competent jurisdiction.

10. **CONDITION AND PACKAGING:** Unless otherwise expressly provided by special terms and conditions or specifications in the Contract or by express, specific federal law or rule, it is understood and agreed that any item offered or shipped has not been sold or used for any purpose, is newly manufactured, and shall be in first class condition. All containers/packaging shall be suitable for handling, storage or shipment.

11. **INTELLECTUAL PROPERTY WARRANTY AND INDEMNITY:** Vendor shall hold and save the State, its officers, agents and employees, harmless from liability of any kind, including costs and expenses, resulting from infringement of the rights of any third party in any Services or copyrighted material, patented or patent-pending invention, article, device or appliance delivered in connection with the Contract.

- a) Vendor warrants to the best of its knowledge that:

- i) Performance under the Contract does not infringe upon any intellectual property rights of any third party; and
- ii) There are no actual or threatened actions arising from, or alleged under, any intellectual property rights of any third party;

- b) Should any deliverables supplied by Vendor become the subject of a claim of infringement of a patent, copyright, trademark or a trade secret in the United States, the Vendor, shall at its option and expense, either procure for the State the right to continue using the deliverables, or replace or modify the same to become non-infringing. If neither of these options can reasonably be taken in Vendor's judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected deliverables and refund any sums the State has paid Vendor for such deliverables and make every reasonable effort to assist the State in procuring substitute deliverables. If, in the sole opinion of the State, the cessation of use by the State of any such deliverables due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the

option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services or other deliverables.

- c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the deliverables supplied by the Vendor, their use or operation, infringe on a patent, copyright, trademark or violate a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:
 - i) That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and
 - ii) That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
- d) Vendor will not be required to defend or indemnify the State to the extent any claim by a third party against the State for infringement or misappropriation results solely from the State's material alteration of any Vendor-branded deliverables or Services, or from the continued use of the Services or other deliverables after receiving written notice from the Vendor of the claimed infringement.

12. ADVERTISING: Vendor agrees not to use the existence of the Contract or the name of the State of North Carolina as part of any commercial advertising or marketing of products or Services except as provided in 01 NCAC 05B.1516. A Vendor may inquire whether the State is willing to be included on a listing of its existing customers.

13. ACCESS TO PERSONS AND RECORDS:

- a) During, and after the term hereof during the relevant period required for retention of records by State law (G.S. 121-5, 132-1 *et seq.*, typically five years), the State Auditor and any Purchasing Agency's internal auditors shall have access to persons and records related to the Contract to verify accounts and data affecting fees or performance under the Contract, as provided in G.S. 143-49(9). However, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of such retention of records period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the record retentions period, whichever is later.
- b) The following entities may audit the records of this contract during and after the term of the contract to verify accounts and data affecting fees or performance:
 - i. The State Auditor.

 - iv. Receive reports as required by law or as requested by the Commission.

v. Access and review

1. Any documents or records related to any contract awarded by a State agency, including the documents and records of the contractor, that the Commission determines will assist in verifying accounts or will contain data affecting fees or performance; and
 2. Any records related to any subcontract of a contract awarded by a State agency that is utilized to fulfill the contract, including, but not limited to (i) records related to the drafting and approval of the subcontract, and (ii) documents and records of the contractor or subcontractor that the Commission determines will assist in verifying accounts or will contain data affecting fees or performance.
- d) The Joint Legislative Commission on Governmental Operations has the power to:
- i. Compel access to any document or system of records held by a non-State entity receiving, directly or indirectly, public funds, to the extent the documents relate to the receipt, purpose or implementation of a program or service paid for with public funds.
 - ii. Compel attendance of any officer or employee of any non-State entity receiving public funds, provided the officer or employee is responsible for implementing a program or providing a service paid for with public funds.
- e) Unless prohibited by federal law, the Commission and Commission staff in the discharge of their duties under this Article shall be provided access to any building or facility owned or leased by a non-State entity receiving public funds provided (i) the building or facility is used to implement a program or provide a service paid for with public funds and (ii) the access is reasonably related to the receipt, purpose, or implementation of a program or service paid for with public funds.

- h) A person who conceals, falsifies, or refuses to provide to the Commission any document, information, or access to any building or facility as required by this Article with the intent to mislead, impede, or interfere with the Commission's discharge of its duties under this Article shall be guilty of a Class 2 misdemeanor.

14. ASSIGNMENT OR DELEGATION OF DUTIES.

- a) As a convenience to the Vendor, the State may include any person or entity designated by the Vendor in writing as a joint payee on the Vendor's payment check. In no event shall such approval and action obligate the State to anyone other than the Vendor.
- b) If Vendor requests any assignment, or delegation of duties, the Vendor shall remain responsible for fulfillment of all Contract obligations. Upon written request, the State may, in its unfettered discretion, approve an assignment or delegation to another responsible entity acceptable to the State, such as the surviving entity of a merger, acquisition or a corporate reorganization if made as part of the transfer of all or substantially all of the Vendor's assets. 01 NCAC 05B.1507. Any purported assignment or delegation made in violation of this provision shall be void and a material breach of the Contract. G.S. 143-58.

15. INSURANCE: This section provides minimum insurance coverage rates that are applicable to most moderate risk solicitations. Agency Risk Analysis will determine if higher insurance coverage amounts are needed based on the likelihood and severity of exposure to the State. The analysis is documented in writing in the official file and considers the following non-exclusive factors:

1. Potential for damage to State property or property of a third party,

2. Potential for bodily injury to State employees or third parties,
3. Whether Vendor will transport State property, clients, or employees,
4. Use of a vehicle to accomplish the work or to travel to or from State locations,
5. Anticipated physical contacts of the Vendor with the State,
6. Anticipated number and activity of Vendor personnel within the State, and
7. Any other unique considerations that could result in harm, bodily injury, or property damage.

The Purchasing Agency has specified elsewhere in this Contract any increase in the minimum insurance coverage requirements below if the risk from the above factors is high.

a) REQUIREMENTS - Providing and maintaining adequate insurance coverage is a material obligation of the Vendor and is of the essence of the Contract. All such insurance shall meet all laws of the State of North Carolina. Such insurance coverage shall be obtained from companies that are authorized to provide such coverage and that are authorized by the NC Commissioner of Insurance to do business in North Carolina. The Vendor shall at all times comply with the terms of such insurance policies, and all requirements of the insurer under any such insurance policies, except as they may conflict with existing North Carolina laws or the Contract. The limits of coverage under each insurance policy maintained by the Vendor shall not be interpreted as limiting the Vendor's liability and obligations or the indemnification requirements under the Contract. As provided above, a State agency is authorized, upon written evaluation and substantiation in the official file of the significant risk of bodily injury and/or property or other damage in the contract, to require and enforce higher coverage limits to mitigate the potential risk of liability to the State.

b) COVERAGE - During the term of the Contract, the Vendor at its sole cost and expense shall provide commercial insurance of such type and with such terms and limits as may be reasonably associated with the Contract. At a minimum, the Vendor shall provide and maintain the following coverage and limits, subject to higher requirements by an agency after the risk analysis indicated above:

1. **For Small Purchases** as defined under North Carolina Administrative Code 01 NCAC 05A.0112 (35) and 05B.0301 (1), the minimum applicable insurance requirements for Worker's Compensation and Automobile Liability will apply as required by North Carolina law. The Purchasing Agency may require Commercial General Liability coverage consistent with the assessed risks involved in the procurement.
2. **For Contracts valued in excess of the Small Purchase threshold, but up to \$1,000,000.00 the following limits shall apply:**
 - i. **Worker's Compensation** - The Vendor shall provide and maintain Worker's Compensation Insurance, as may be required by the laws of North Carolina, as well as employer's liability coverage, with minimum limits of \$250,000.00, covering all of Vendor's employees who are engaged in any work under the Contract in North Carolina. If any work is sub-Contracted, the Vendor shall require the sub-contractor to provide the same coverage for any of its employees engaged in any work under the Contract within the State.
 - ii. **Commercial General Liability** - General Liability Coverage on a Comprehensive Broad Form on an occurrence basis in the minimum amount of \$500,000.00 Combined Single Limit. Defense costs shall be in excess of the limit of liability.
 - iii. **Automobile** - Automobile Liability Insurance, to include liability coverage covering all owned, hired and non-owned vehicles, used within North Carolina in connection with the Contract. The minimum combined single limit shall be \$250,000 bodily injury and property damage; \$250,000 uninsured/under insured motorist; and \$2,500 medical payment.
3. **For Contracts valued in excess of \$1,000,000 the following limits shall apply:**
 - i. **Worker's Compensation** - The Vendor shall provide and maintain Worker's Compensation Insurance, as may be required by the laws of North Carolina, as well as employer's liability

coverage, with minimum limits of \$500,000, covering all of Vendor's employees who are engaged in any work under the Contract in North Carolina. If any work is sub-Contracted, the Vendor shall require the sub-contractor to provide the same coverage for any of its employees engaged in any work under the Contract within the State.

- ii. **Commercial General Liability** - General Liability Coverage on a Comprehensive Broad Form on an occurrence basis in the minimum amount of \$1,000,000 Combined Single Limit. Defense costs shall be in excess of the limit of liability.
- iii. **Automobile** - Automobile Liability Insurance, to include liability coverage covering all owned, hired and non-owned vehicles, used within North Carolina in connection with the Contract. The minimum combined single limit shall be \$500,000 bodily injury and property damage; \$500,000 uninsured/under insured motorist; and \$5,000 medical payment.

16. GENERAL INDEMNITY:

- a) The Vendor shall indemnify, defend and hold and save the State, its officers, agents, and employees, harmless from liability of any kind, including all claims and losses accruing or resulting to any other person, firm, or corporation furnishing or supplying work, Services, materials, or supplies in connection with the performance of the Contract, and also from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Vendor in the performance of the Contract that are attributable to the negligence or intentionally tortious acts of the Vendor, provided that the Vendor is notified in writing within 30 days from the date that the State has knowledge of such claims.
- b) The Vendor, at its own expense shall defend any action brought against the State, under this section. The Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise, provided, however, that the State shall have the option to participate in such action at its own expense.
- c) The Vendor represents and warrants that it shall make no claim of any kind or nature against the State's agents who are involved in the delivery or processing of Vendor deliverables or Services to the State.
- d) As part of this provision for indemnity, if federal funds are involved in this procurement, the Vendor warrants that it will comply with all relevant and applicable federal requirements and laws, and will indemnify, defend and hold and save the State harmless from any claims or losses resulting to the State from the Vendor's noncompliance with such federal requirements or law in the performance of this Contract. The representations and warranties in the preceding two sentences shall survive the termination or expiration of the Contract.
- e) The State does not participate in indemnification due to Constitutional restrictions, or arbitration, which effectively and unacceptably waives jury trial. See, G.S. 22B-3, -10.

17. ELECTRONIC PROCUREMENT:

- a) Purchasing shall be conducted through the Statewide E-Procurement Service. The State's third-party agent shall serve as the Supplier Manager for this E-Procurement Service. The Vendor shall register for the Statewide E-Procurement Service within two (2) business days of notification of award in order to receive an electronic purchase order resulting from award of this Contract.
- b) RESERVED. The Supplier Manager will capture an order from a State approved user, including the shipping and payment information, and submit the order in accordance with E-Procurement Service procedures. Subsequently, the Supplier Manager will send those orders to the appropriate Vendor on State Contract. The State or State-approved user, not the Supplier Manager, shall be responsible for the solicitation, bids received, evaluation of bids received, award of Contract, and the payment for goods delivered.

- c) Vendor shall at all times maintain the confidentiality of its username and password for the Statewide E-Procurement Services. Vendor shall be responsible for all activity and all charges by its agents or employees. Vendor agrees not to permit a third party to use its E-Procurement Services account. If there is a breach of security through the Vendor's account, Vendor shall immediately change its password and notify the Supplier Manager of the security breach by email. Vendor shall cooperate with the State and the Supplier Manager to mitigate and correct any security breach.

18. SUBCONTRACTING: The Vendor may subcontract the performance of required Services under the Contract. Upon request, Vendor shall identify its subcontractors to the State; identify any financial interest it has in any subcontractor to the State; and/or provide the State with complete copies of any agreements made by and between Vendor and any subcontractors. The Vendor remains solely responsible for the performance of its subcontractors. RESPONSE TO QUESTIONS:

State's Responses to Questions Received by the due date and time of August 18, 2025, by 5:00 pm ET. The Question appears exactly as submitted by the Vendor.

	CITATION	VENDOR QUESTION	DCR RESPONSE
1	5.2.7 – Task 7: Needs Assessments, Market Analysis, and Geospatial Support; 5.2.8 – Task 8: Program Performance Monitoring and Evaluation	May vendors include nonbinding annexes (e.g., sample dashboards or geospatial maps) to illustrate technical approach for Tasks 7 and 8, or should responses remain narrative only?	Samples are acceptable.
2	5.1 General (SOR)	For the System of Record (SOR) referenced, does DCR anticipate a required integration with HUD DRGR , or will DRGR be operated separately alongside the SOR?	No, DRGR will be separate from the SOR.
3	4.5 HUB Participation; Attachment E – HUB Information	To confirm: will a woman-owned prime (not HUB-certified) partnering with certified HUB subcontractors be recognized as meeting the State's 10% HUB utilization goal ?	The minority participation goal is for state construction projects for state-owned buildings (N.C.G.S. 143-128.2). Outside of state construction, the state has a policy of encouraging and promoting the use of small, minority, and women-owned businesses (see N.C.G.S. 143-48) but it is not a criterion for award.
4	5.1 General (staffing & hours)	Will remote or hybrid staffing be acceptable if we maintain weekday 8:00 a.m.–5:00 p.m. ET coverage and comply with any required in-person roles?	As described in the RFP, DCR may require in-person roles depending upon program needs. Virtual or hybrid will not meet the in-person requirement for those roles determined to be in-

Addendum 1_Staff Augmentation

			person. In-person needs will be identified in each task order.
5	4.6 Background Checks	Are specific background checks required (e.g., SBI, CJIS, fingerprinting), or will standard vendor HR screenings suffice unless otherwise requested?	Standard HR screenings will suffice unless otherwise requested based on specific needs. Additional background checks may be required for in-person roles.
6	4.2 Pricing; Attachment A – Task Order Categories / Pricing	For pricing, may vendors propose category specific position titles and rates (i.e., rates can differ by Task Order category), provided all rates are not to exceed and inclusive of expenses?	Yes.
7	2.7 Proposal Contents Narrative Response: Vendor Qualifications and Approach Page No: 10	Is it mandatory, the Vendor should meet the Relevant experience with HUD-funded programs (e.g., CDBG-DR, CDBG-MIT, HOME, ESG) or other disaster recovery work as an eligibility to submit the bid	Vendors will not be disqualified for lack of experience, so a bid could be evaluated even without relevant experience. Experience is an important criterion, and lack of experience would be considered a weakness in the evaluation and might result in the vendor not being placed on the contract at all or for a particular task.
8	2.7 Proposal Contents Narrative Response: Vendor Qualifications and Approach Page No: 10	Can CDBG-DR confirm if vendors without experience in HUD-funded programs or other disaster recovery work, may still be considered to bid if they demonstrate strong qualifications in other areas?"	Yes, vendors without experience in HUD-funded programs may still be considered for a bid.
9	No reference citation provided by the Vendor.	Is there an existing incumbent vendor or vendor pool currently providing staff augmentation services for the CDBG-DR program?	Not for the NC Department of Commerce's CDBG-DR programs.
10	No reference citation provided by the Vendor.	Can DCR confirm whether there is a minimum number of personnel the vendors required to propose for each task order category	There are no minimums.

Addendum 1_Staff Augmentation

12	No reference citation provided by the Vendor.	Could DCR please provide more insights regarding vendors may propose staffing levels (labor categories) based on their approach and capacity to meet each task order category?	Based on their experiences with HUD and/or disaster recovery work, vendors should propose how they would staff each task.
13	2.7 Proposal Contents Examples Page No: 10	For Attachment H, are all example projects required to be related specifically to HUD-funded programs and disaster recovery work, or may we include other relevant staffing engagements that demonstrate comparable scope and complexity?	Other relevant staffing engagements are acceptable, though more comparable experience may receive a stronger evaluation.

15	No reference citation provided by the Vendor.	Can you confirm whether vendors must be registered with the State of North Carolina at the time of proposal submission?	Vendors do not have to have a Certificate of Authority to Transact Business in NC at the time of submission, but they will be required to obtain one upon contract.
16	No reference citation provided by the Vendor.	Is business registration is required upon award of a contract?	Yes, a Certificate of Authority to Transact Business in North Carolina from the NC Secretary of State's Office is required upon award of a contract.

Project examples from subcontractors may be included and should be identified as such.
20	2.6 Reference: Section RFP Submittal, Page no: 9	Is there a maximum file size limit for electronic proposal submissions through eProcurement Sourcing?	<p>The file size limit is 100MB. If Vendor response is greater than 100MB Vendors are allowed to "ZIP" the file and upload a zip file. The State must be able to open any file submitted.</p> <p>Per the RFP, "Questions or issues related to using eProcurement Sourcing must be directed to the eProcurement Help Desk at 888-211-7440, Option 2. Payment will be a NOT-TO-EXCEED amount for services based on the scope of work for each task order.
28	1.0 Purpose and Background (p. 6); 3.1 Method of Award (p. 11–12)	Can the State clarify how many vendors it intends to pre-qualify under this pool, and whether there is a target number of awards and contract value?	The number of prequalified vendors may vary by task and will depend on the applicant pool. The State does not have a target number at this time.

34	5.2.17 Environmental Review (p. 24)	For Task 17, should unit pricing for environmental reviews include the cost of specialized studies (e.g., wetlands delineations, Phase I ESA), or will those be procured separately by DCR or reimbursed as pass-through costs? 177	5.3 Task Order Methodology Page 24	In Section 5.3, the State says, "DCR will issue task orders, as the need arises, to at least two vendors qualified in that category." Does the state intend to issue a task order to all qualified vendors for a specific task or a selected few?	See response to Question #30.

179	5.0 Scope of Work Page 18	Can the State confirm if both biographies and resumes are required?	Per the RFP, resumes or biographies must be provided for all key personnel proposed.

184	2.7 Proposal Contents Page 9	Please clarify whether any page limitations apply to the technical narrative, and whether required attachments (e.g., resumes, forms, references) are excluded from any applicable page count.	There is not a page limitation; however, Vendors are requested to keep offers concise and not to include marketing material.
185	2.7 Proposal Contents Page 9	The RFP states that "All pages of the RFP should be returned." Please clarify whether the agency requires vendors to return the entire RFP document (including all pages) as part of the proposal submission, or only the completed forms and required attachments.	All pages of the RFP should be returned as part of the proposal submission. The entire document would become part of the contract between the vendor and DCR if the vendor is awarded, so it should be signed and submitted in full.

190	5.0 SCOPE OF WORK 5.1 GENERAL Page 18	Please clarify the expected ratio of on-site versus remote work for personnel under this contract.	The determination of on-site versus remote work will be based on program needs. DCR does not have an estimate at this time.
191	5.1 General Page 18	Can vendors add or remove task order categories after initial qualification, or must their selections remain fixed for the three-year contract term?	Vendors can remove task order categories, but the agency may not allow addition of task order categories.
192	4.7 Personnel Page 16	What is the process and expected timeline for DCR approval of key personnel substitutions, and how will delays in approval affect active task orders?	The expected process is that the vendor will notify the State in writing of any changes, and the State will attempt to respond in writing with a decision within 5 business days.
193	4.11 Financial Information Pages 17–18	For privately held firms, will unaudited financial statements be acceptable if audited statements are unavailable, and what level of detail must be disclosed for contingent liabilities?	See answer to Question #52. Vendor should provide sufficient detail for DCR to “determine: whether the Vendor has sufficient ability to perform the Contract; whether the Vendor is able to meet its short term obligations, debts, liabilities, payroll, and expenses; whether Vendor has provided complete, reliable and accurate financial information regarding its business operation; whether the Vendor is financially solvent; and whether Vendor has sufficient cash flow and/or available financing from a financial institution to perform the proposed contract for an extended period without receiving payment from the State.” (per Section 4.11)

		accepted or overruled under the Public Records Act?	made on a good faith basis. The State generally gives Vendors notice and an opportunity to defend their redactions if the State receives a request to provide unredacted information. Vendors are reminded that all redacted versions of the contracts must be posted on DCR's website.
195	4.9 Insurance Requirements Page 16	Will the insurance requirements outlined in Attachment C apply to the master agreement as a whole, or only to individual task orders valued in excess of \$1,000,000? 196	3.4 Evaluation Criteria Pages 13–14	While the RFP lists evaluation criteria in order of importance, will DCR publish specific scoring percentages or weights associated with each factor?	See response to Question #71.

201	No reference citation provided by the Vendor.	Are firms that hold disaster recovery contracts that include CDBG-DR support services for Helene impacted municipalities precluded from bidding on this contract?	No; however if a conflict of interest exists, the firm may be prohibited from working on specific task orders.

This section states, "Vendors are encouraged to submit at least two qualified candidates per position or labor category, where applicable."</p> <p>Question: Please confirm the two candidates per position is only applicable to key staff and not all staff listed to support the project.</p>	See response to Question #14, #18, #43, and #49.

Or is the evaluation only applicable to prime firms.</p>	See response to Question #3 and #122.

205	2.7 Proposal Contents (page 9) and Section 4.2 Pricing (page 15)	The cost proposal is not listed under the components. Please clarify where it should be included.	See response to Question #126.
206	4.11 Financial Information (Page 17) and 2.7 Proposal Contents	This section requires submittal of financial information, but that is not listed in Section 2.7 Proposal Content. Please clarify where it should be included.	Financial information may be included anywhere in the proposal; most vendors typically include it towards the end or last.
207	2.7 Proposal Contents (page 10) and 4.1 Task Order Categories (page 14)	The instructions for Section 4 "Narrative Response: Vendor Qualifications and Approach" appear to focus on past project experience and qualifications and capacity of staff. Please confirm that you are not looking for an actual technical approach response to each task in the scope of work?	As stated in the RFP, "for each task order category that Vendor wishes to be considered Vendor proposal should demonstrate specific proof of experience and qualifications to carry out the respective task." Based on the vendor's experience, it will need to generally describe a staffing plan, how Vendor will ensure quality and timely services, and how Vendor will ramp up services across the task order categories. Vendors should describe their experience in each specific category for which they wish to be prequalified. Vendors can provide a more specific technical approach in response to individual task orders.
